

## Kim joins iManage Technology Partner Program

**Atlanta, April 26, 2023:** Kim ([www.kimdocument.com](http://www.kimdocument.com)), the no-code, SaaS, patent-protected document generation, assembly, and workflow automation platform, today announced that it has joined the iManage Technology Partner Program. The partnership is expected to bring significant benefits to law firms and corporate legal departments by integrating iManage's industry-leading document and email management platform with Kim's document automation and integration platform.

As an iManage Technology Partner, Kim will incorporate its intelligent automation capabilities with iManage's software to offer customers a comprehensive and efficient solution. This integration will enable legal, accounting, and financial service professionals to automate and streamline their documents and workflows, resulting in reduced manual tasks, elimination of data rekeying, increased productivity, and compliance with regulatory requirements.

"We are thrilled to become an iManage Technology Partner and to offer our customers a more comprehensive and integrated solution," said **Samantha Jefferies, VP of Business Development** at Kim. "Our intelligent automation technology combined with iManage's leading document and email management platform will provide knowledge workers with a powerful platform to streamline their workflows and drive productivity."

"We are pleased to welcome Kim to our growing network of technology partners," said **Dean Leung, Executive Vice President of Digital Enablement & Communities** at iManage. "Kim's intelligent automation technology will complement our software, providing our customers with enhanced capabilities to automate their business processes and improve efficiency."
